Experience true wilderness fishing for walleye and northern with only a short 25 minute flight from Ear Falls Ontario. Papaonga Lake is fed by a series of river systems and is considered one of the best remote lakes in the area. Papaonga is known for it's great walleye fishing, and that why our guests keep coming back. Stories of the elusive blue walleye that make up your days catch are shared back at the dinner table each night after a full day of catching fish!! Northerns are prevalent even while fishing for walleye, but for those who want to try casting, there are ample weedbeds available. Early spring will still find many fish in the small rivers flowing in and out of Papaonga Lake. The lake itself is 5 miles long by 1½ miles wide. The end of the lake marks the start of the river system, which is navigable for 8 miles into two additional lakes. You could probably catch as many fish on the point across from the cabin, as you will at the last lake down river, but the opportunity to explore is there for you.

Enjoy fresh fish while you are at the outpost, but Papaonga Lake Outpost is a conservation limit lake only. Pick up your licence and any live bait you want to bring with you in Ear Falls before you depart. Many of our guests will bring an ample supply of artificial lures and plastic jig bodies, The plastic bodies, last long and stay on for several fish.

We have two outpost cabins at Papaonga Lake Outpost. They are located about 50 yards from one another, with the washhouse that houses the flush toilets and heated shower being between the two cabins. Each cabin is completely outfitted with a full kitchen, all utensils, dishes, gas refrigerator, gas lights, gas stove, wood heat, and separate bedrooms. The cabins have running water and a large double bowl sink. The towels for the kitchen and bath are supplied. Also provided are sleeping bags, pillows and sheets for the beds.

There is another cabin located on the lake, but our guests find that with such a vast array of spots to fish, they never have any trouble finding their own favorite fishing hole.

A screened-in fish house located lakeside, make it easy to prepare the day's catch for dinner. Also supplied is a propane deep fryer, and Weber BBQ (charcoal not supplied). Papaonga Lake Outpost has provided you with 14 ft boats powered by smooth running Yamaha 15 hp. outboards. All the gas is provided for you. The boats are equipped with landing nets, life vests, and minnow buckets. The outpost itself is located on a sand beach, with plenty of space for boats and protected from the wind.

For your peace of mind, we have a satellite phone at the outpost for 24 hour, any weather, emergency communications.
